|----------------------------------|-----------------------------|---------------------------|---|
| 6 - 6:50 pm | 7 th Grade Pod | Social Appropriateness | <p>Supporting Social Relationships– Sali Helvey, Cerebral Palsey of KC</p> <p><i>Discussion on healthy relationships and helping our children remain safe as they grow up. Information will be shared about recognizing young adults as sexual people, the importance of education, and supporting relationships and sexual expression.</i></p> <p><i>Session Size Limited To: 50</i></p> |
| 6 - 6:50 pm | 8 th Grade Pod | Social | <p>ILAUGH Framework – Beckham Linton, M.A., CCC-SLP</p> <p><i>Have you ever been concerned about a person’s social behavior but struggled to effectively describe the behaviors to a peer or professional? The ILAUGH Framework is a tool that will help. It is an acronym developed by speech language pathologist Michelle Garcia Winner that describes the areas affected by social cognitive deficits and is the topic of this discussion. Definitions, descriptions and teaching strategies for each area will be discussed as they relate to social interaction and classroom functioning.</i></p> <p><i>Session Size Limited To: 50</i></p> |
| 6 - 6:50 pm or 7 - 7:50 pm | Classroom 4 | Early Childhood | <p>“I Can Do It!” Helping Pre-Schoolers Become More Independent in Everyday Routines. Kendall Burr, Principal of Early Childhood Programs</p> <p><i>Kendall will share ideas to help young children become more independent in day-to-day routines, as well as discuss common barriers to independence. Kendall will offer other evidence-based strategies as well as share other resources available to families.</i></p> <p><i>Session Size Limited To: 50</i></p> |
| 6 - 6:50 pm or 7 - 7:50 pm | Classroom 6 Computer Lab | Technology | <p>Premier Software – Nicole Peters MLS-AT, OTR/L</p> <p><i>This session will include hands-on computer time exploring Premier software. The district supports a home use license so all participants can walk out with download instructions for home. During this session, participants will get an overview of the software suite and time to work on a couple of the most popular pieces which include text to speech capability and word prediction. These tools can support students in the areas of reading and writing.</i></p> <p><i>Session Size Limited To: 33</i></p> |
