Federal rules and necessary program changes for Home and Community Based Services are in the works for specific programs.

Programs:

- Autism
- Frail Elderly
- Intellectual/Developmental Disability
- Physically Disabled
- Traumatic Brain Injury
- Technology Assisted

These changes will impact:

- Who you can hire and how they will be paid
- Limitations on guardianships
- What and how services will be renewed
- How program eligibility will be assessed

Regional meetings are being held for persons served, families, advocates, and providers so that you can be informed and your voice heard to help decide what changes will be made.

Plan to attend one of the meetings below. If you need help making arrangements, contact your Managed Care Organization care coordinator or case manager.
