

## Client Obligation Policy

Helpers, Inc.'s policy is to comply with client obligation guidelines outlined by the State of Kansas. When the State of Kansas assigns a client obligation to an individual, Helpers, Inc. is required by contract to collect the client obligation for the State of Kansas. All clients that have an obligation must complete an Obligation Contract with Helpers, Inc. before they can begin services. In this agreement, the client agrees to pay Helpers, Inc. the assigned amount in the month it is due.

Example: A June obligation is due to Helpers, Inc. on June 5th. If the client is behind on payment of their obligation by more than 30 days, Helpers, Inc. reserves the right to terminate FMS services with the client.
